Introduction: This morning we begin a study where we'll work through the book of Galatians. It is an important study.

1. Sin & Satan have dominated God's creation ever since man's rebellion in Genesis 3. As a result, mankind has been spiritually blinded & enslaved.
2. Galatians explains how we can find freedom in Christ. This is the beauty of grace.
3. Outside of Christianity, religion demands service. A right standing with God must be earned.
4. There is no freedom there, & there never will be.
5. Thankfully, Christ has done everything that is needed. He offers reconciliation & relationship as a free gift.
6. When we come to Him, we find the freedom that is only available in Him.
7. Galatians explains the simplicity of God's plan.
8. We'll start our study in chapter 1 where Paul explains God's purpose.

### I. God's Plan

- A. Christ's Sacrifice
- B. A Transformational Purpose
- C. God's Will

### II. Satan's Deception

- A. Desertion

- B. Distortion/Disturbance

- C. Damnation

Conclusion: Do you see what is happening here, happening all around us?

1. God offers us a freedom in Christ that is not available anywhere else.
2. Does Satan want us to experience this freedom?
3. Sin has dominated & continues to dominate our world.
4. Christ has given Himself to deliver us.
5. Do not settle for the cheap substitutes & counterfeits Satan offers.
6. Turn to Christ & experience the life only He can give you.
