
Everyday Christianity
"Staying Clean In A Dirty World"
Psalm 119:9-11

05-07-23

Introduction: We are now two months into our study focused on developing an everyday Christianity.

1. We must recognize Christianity is a lifestyle to be lived 24/7.
 - It extends beyond Sunday morning or a weekly Bible study.
 - It's more than a religion we practice.
 - It is a transformational relationship with Jesus and the body of Christ.
2. This morning our focus will be on how to stay clean in a dirty world.
3. As followers of Jesus, we are salt and light.
4. We live in a world that is embracing a new moral code.
5. That means we need to figure out how to navigate this culture in a way that protects the truth but remains welcoming.
